

An **elevator pitch** is a quick way to **get across** an idea or project in a short amount of time, ensuring it stands out and leaves a lasting impression. To **come up with** a strong pitch, break your idea **down into** key points. Once you've delivered your message, **reach out to** your listener to continue the conversation and **follow up on** their thoughts to reinforce your message.

I. Understanding the Context for ASIX/DAM Students

- **ASIX Students:** Elevator pitches might be used when:
 - Applying for internships or jobs at IT companies.
 - Presenting a system solution to a potential client.
 - Networking at a tech conference.
 - Describing their skills and projects to potential employers.
 - Explaining a complex technical issue to a non-technical audience.
- **DAM Students:** Elevator pitches might be used when:
 - Presenting a DAM strategy to a client.
 - Advocating for a DAM solution within an organization.
 - Networking at a media or content management conference.
 - Describing the benefits of DAM to stakeholders.
 - pitching a business to investors to buy in a new DAM
- **Use Technical Jargon Sparingly:** Understand your audience and use technical terms only when necessary. If you do use jargon, be sure to explain it clearly.
- **Focus on Problem-Solving:** Highlight your ability to identify problems and develop effective solutions.
- **Show Enthusiasm:** Demonstrate your passion for your field and your eagerness to learn and contribute.
